(W / 21) X (H / 29.7) cm

Records from TV, VCR and camcorder to DVD+R/RW and DVD-R/RW

With the built-in tuner and versatile connection ports, you can easily record TV or other sources to DVD+R / RW discs or DVD-R / RW discs that last to build your own video library.

EASY DV Dubbing

Connect a DV Camcorder to the "DV Link" to easily archive camcorder footages digitally in DVD quality to a DVD recordable disc that lasts. Moreover, the on-screen DV Control panel allows basic commands over the DV camcorder using the DVD Recorder's remote control.

DivX® Video Playback

DivX® is the world's most popular video technology, with more than 2 billion existing DivX® files on PCs and networks and well over 200 million users worldwide. The DVD Recorder is designed to add DivX® video playback compatibility to achieve versatile playback diversity.

Plays WMA, MP3 audio and audio CDs

The DVD Recorder serves as the most ideal Home Theater component for its sleekness, stylishness and, most of all, its capability to play WMA, MP3 audios and audio CDs, providing the ultimate solution for audio enthusiasts.

Graphical User Interface Easy Guider™

The advanced user-friendly interface, Easy Guider™ menu, makes using the DVD Recorder a snap. At the press of a few buttons, you are guided through all the major features available. It's never been so easy and fun!
